# WOW! A Smile Says It All ...Does Yours?

- Close gaps between teeth
- Repair chipped, broken or worn teeth
- Reposition crowded teeth
- Recontour gums to eliminate a "gummy" smile
- Lengthen or shorten uneven teeth
- Replace a missing tooth or teeth
- Replace old metal fillings
- Whiten discolored or stained teeth

## The Maine Cosmetic Dentistry Difference

When it comes to your cosmetic dentistry, you want a dentist who is specifically trained in cosmetic dentistry. A Las Vegas Institute for Advanced Dental Studies (LVI) fellow has the information, skills and products necessary to create your perfect smile. LVI is setting the standards for all others to follow.

Dr. Robert Beebe, a LVI Clinical Instructor and fellow is highly trained in a full range of cosmetic dentistry services.
